DRIVER LICENSE SERVICES RESTORED MONDAY, DEC. 6

Driver license issuance services were restored statewide today after the system was out of operation for a week due to technical problems. Major Roscoe Howell, Driver License Division chief, announced the system was again up and running and commended the efforts of employees of the Finance Department's Information Service Division, Department of Public Safety information technology staff and contractors who worked to restore services as quickly as possible.

Howell apologized for any inconvenience the shutdown caused the public, and he affirmed the Driver License Division's ongoing commitment to effective driver licensing services throughout Alabama.
